E-commerce Website

GitHub Link [GitHub Ecommerce Repo](#)

- *Built using Django, HTML, CSS and JavaScript*
- *Implemented authentication, product management and shopping cart functionality*

Photo Album Application

GitHub Repo [GitHub Photoshare Repo](#)

Live Demo [Photo Album web application](#)

- *Built using Django, HTML, Bootstrap CSS*
- *Developed a Django-based photo gallery with multiple image uploads.*

Personal Portfolio Website

GitHub Repo [GitHub portfolio web Repo](#)

Live Demo [portfolio web](#)

Technologies: HTML, CSS, JavaScript

Designed and developed a responsive portfolio website showcasing projects, technical skills, and contact information.

TECHNICAL SKILLS

1. *Programming languages- Python, JavaScript*
2. *Frameworks - Django, Django REST framework*
3. *Web Technologies - HTML, CSS, Bootstrap CSS*
4. *Databases - MySQL, PostgreSQL*
5. *Tools- Git and Version Control, XAMPP, Render*
6. *Productivity Software - Microsoft Word, Excel and PowerPoint*

ACHIEVEMENTS

- *Developed and deployed Django and python web applications using Render.*
- *Completed two industrial attachments in healthcare and county government IT environments*
- *Provided technical support for more than 100 users across both attachments.*
- *Built backend applications integrating authentication, databases, and media management.*

SOFT SKILLS

- *Problem Solving and attention to detail*
- *Good communication skills and ability to communicate well with teams and colleagues*
- *Adaptability, teamwork and continuous learning*
- *Time Management*
